

Introducing myself.

Hello, my name is Andri. My full name is Andri Meiranto. People call me as Mr. or Sir Andri. I live in Cijerah with my wife and children. I work as an English teacher. I teach Grade 11 and Grade 12 in MA Misbahunnur for now. I've been teaching English for about 12 years. I teach English almost every day because I like teaching my students. In my free time, especially on Sunday, I usually do my hobbies. My hobbies are listening to music, watching a movie, reading a book or novel. I like doing my hobbies with my wife or my children. I'm an easy-going person, determined, and talkative person. I like talking about life and I love when people ask me some advice for their problems. That's all about me, what about you? Please tell and describe yourself to me. It's nice to see you and I hope I can help you improving your English.
